Parents and students are requested not to call radio stations or the school, as it should be assumed that if the school is not mentioned in the broadcast, normal operation will prevail.

If the schools are closed, any activities planned for that day and evening shall be cancelled.

It may be possible, because of weather conditions, that schools and buses will be scheduled two hours late, or that an earlier dismissal than the scheduled time may be necessary.

Your children should have a nearby home available (i.e. neighbor, etc.) to report to in case you, as a parent, may be gone during such an emergency. This applies particularly to elementary and middle school students. Please discuss this so that your child will feel safe and secure if such an emergency should arise.
