Franklin Pierce School Board's Operating Principles

Operating principles define the beliefs, values, and methods of working together. Successful organizations are the result of effective and dynamic leadership. To assure quality operations, leaders must agree on basic ways of working together. We, the Franklin Pierce Board and Superintendent, have discussed and agree to abide by these principles.

Communications, Cooperation, and Trust

- Support each other constructively and courteously
- Engage in discussions
- Be open-minded and adaptive to change
- Maintain confidentiality
- Focus discussions on issues, not personalities
- Uphold the integrity of every individual
- Involve those parties who will be affected by the decision and solution
- Strive to avoid any perception of a conflict of interest
- Communications between staff and the Board are encouraged
- Requests for information from the Superintendent which will take considerable time to prepare will come from the Board rather than an individual Board member

Effective Meetings

- Share ideas about new programs and directions with the Superintendent before making them public
- Read all materials and ask questions in advance
- Respect the majority and do not take unilateral action
- Board meetings will be for consideration, information, and actions
- Work sessions will be for discussions, deliberation, and direction
- Executive sessions will be held only when specific needs arise
- The President will communicate and enforce the audience participation protocol

Decision Making

- Clearly communicate decisions and their rationale
- Re-evaluate each major decision
- Move the question or table the question when discussion is repetitive
- The Superintendent will make recommendations on most matters before the Board
- Consider research, best practice, innovative and creative strategies, and public input in all decision making

Addressing Citizen or Staff Complaints

- Use proactive, clear, and transparent communication
- Be available to hear community concerns and encourage citizens to present their district issues, problems, or proposals to the appropriate person
- Direct all personnel complaints and criticisms to the Superintendent

Board Operations

- Attend training and networking opportunities
- The President will communicate regularly with the Superintendent and share pertinent information with the Board
- The President or designee will be the Board spokesperson
- Conduct an annual self-evaluation and promptly address specific issues that hinder Board effectiveness
- Set clear and concise goals for the Board and the Superintendent
- Emphasize planning, policy making, and public relations rather than becoming involved in the management of the schools

MEMORANDUM

TO: Board of Directors
FROM: James Hester, Deputy Superintendent of PK-12
DATE: May 25, 2021
SUBJECT: Policy 3432: Emergencies

BACKGROUND INFORMATION

Board Policy 3432: Emergencies is being comprehensively revised to reflect the current laws and needs related to safety planning. In 2019, our Legislature passed House Bill (HB) 1216, modifying some of the drill requirements and addressing several areas of safety preparedness. In 2020, we began working our way through the significant impacts of COVID-19. Updates include formatting changes, clear guidance around drills, and responses to a pandemic/epidemic.

RECOMMENDATION

I move that the Board of Directors adopt revised Board Policy 3432: Emergencies as presented.

ACTION REQUIRED

EMERGENCIES

The Franklin Pierce School District is committed to having current safe school plans and procedures in place to maximize safety for all students and staff. A commitment to safety enables teaching and learning. The district and its schools shall develop comprehensive all-hazard emergency operations plans that address prevention, mitigation, preparedness, response, and recovery strategies.

District and school plans shall:

- Include required school safety policies and procedures;
- Include provisions for the special needs of staff and students;
- Require the building principal to be certified on the incident command system;
- Consider community use of school facilities in emergencies;
- Be annually reviewed with emergency response agencies;
- Conduct inventory of all hazardous materials;
- Identify all staff members who are trained on the national incident management system and the incident command system;
- Collaborate with community agencies to update emergency first aid procedures, including training, use, funding, and placement of public access automated external defibrillators (AEDs);
- Identify school transportation procedures for evacuation;
- Provide information to all staff on the use of emergency supplies and alert procedures;
- Annually record and report information and activities required in subsection RCW 28A.320.125.

Drills

Drills are an essential component of safety planning. Drills teach students and staff basic functional responses to potential threats and hazards. The four functional responses are adaptable and can be applied to a variety of situations. Additionally, some threats or hazards may require the use of more than one basic functional response. Therefore, each school in the district will conduct at least one safety-related drill per month, including summer months when school is in session with students. Drill planning and implementation shall consider and accommodate the needs of all students.

Basic Functional Drills

The basic functional responses include shelter-in-place, lockdowns, evacuations, and earthquakes (drop-cover-hold on):

- **Shelter-in-Place**

Shelter-in-place is designed to limit the exposure of students and staff to hazardous materials, such as chemical, biological, or radiological contaminants that are released into the environment by isolating the inside environment from the outside. Staff and students will receive instruction so that they will be able to remain inside and take the steps necessary to eliminate or minimize the health and safety hazard.

- **Lockdowns**

Lockdowns are meant to isolate students and staff from threats of violence, such as suspicious trespassers, armed intruders, and other threats that may occur in a school or in the vicinity of a school. Staff and students will receive instruction so that in the event of the breach of security of a school building or campus, staff, students, and visitors will be able to take positions in secure enclosures.

- **Evacuations**

When an emergency within a school or its surrounding area necessitates evacuation and/or total or partial closure of the schools within the district, staff will be responsible for aiding in the safe evacuation of the students within the endangered school or its surrounding area.

Staff and students will receive instruction so that in the event the school or district needs to be evacuated due to threats, such as fires, oil train spills, earthquakes, etc., they will be able to leave the building in the shortest time possible and take the safest route possible to a designated reunification site.

Schools in mapped tsunami or mapped lahar hazard zones, will plan and participate in one pedestrian evacuation drill annually.

- **Earthquakes: Drop – Cover – Hold On**

The Board recognizes the importance of protecting staff, students, and facilities in the event of an earthquake. Facilities will be designed and maintained in a manner that recognizes the potential danger from such an occurrence. Likewise, staff must be prepared to take necessary action to protect students and staff from harm.

“Drop – cover – hold on” is the basic functional earthquake response. The superintendent will establish guidelines and the action for building principals to take should an earthquake occur while school is in session.

Additional Drills

In addition to the above four functional response drills, the district shall, at a minimum, also develop response plans for the following:

- **Pandemic/Epidemic**

The Board recognizes that a pandemic outbreak is a serious threat that could affect students, staff, and the community. The superintendent or a designee will serve as a liaison between the school district and local health officials. The district liaison, in consultation with local health officials, will ensure that a pandemic/epidemic plan exists in the district and establish procedures to provide for staff and student safety during such an emergency.

When an emergency within a school or its surrounding area necessitates evacuation and/or total or partial closure of the schools within the district, staff will be responsible for aiding in the safe evacuation of the students within the endangered school or its surrounding area.

- **Bomb Threats**

The superintendent will establish procedures for action in the event that any threat is received toward the school by telephone, letter, orally, or by other means.

- **Emergency School Closure or Evacuation (Modified Shelter-in-Place)**

When weather conditions or other circumstances make it unsafe to operate schools the superintendent is directed to determine whether schools should be started late, closed for the day, or transportation will be provided only on emergency routes. Those decisions will be communicated through community media resources pursuant to a plan developed by the superintendent or designee.

The superintendent will establish procedures for the emergency closure of a building or department.

All safety plans and drills shall include protocols for both internal and external communications, as well as procedures for drill documentation. Evacuation plans shall also include reunification plans. Schools shall document the dates and time of such drills. Each school will maintain the record of time and type of drill in the school office.

MEMORANDUM

TO: Board of Directors
FROM: Tammy Bigelow, Director of Business Services
DATE: May 25, 2021
SUBJECT: Policy 6000: Program Planning, Budget Preparation, Adoption, and Implementation

BACKGROUND INFORMATION

Board Policy 6000: Program Planning, Budget Preparation, Adoption, and Implementation includes revised language so it will no longer require updating each time changes in the law or changes in contracts occur. Several legal references were also added that address payroll deductions for staff.

RECOMMENDATION

I move that the Board of Directors adopt revised Board Policy 6000: Program Planning, Budget Preparation, Adoption, and Implementation as presented.

ACTION REQUIRED

PROGRAM PLANNING, BUDGET PREPARATION, ADOPTION, AND IMPLEMENTATION

A district's annual budget is tangible evidence of the Board's commitment toward fulfilling the aims and objectives of the instructional program and providing for the efficient and effective operation of the district. The budget expresses in specific terms the services to be provided, consistent with immediate and long-range goals and resources available, and establishes priorities within broad program areas such as basic education, other separately funded programs, and support services. Each year a budget will be prepared for the ensuing fiscal year. The budget will set forth the complete financial plan of the district for the ensuing fiscal year.

Prior to presentation of the proposed budget for adoption, the superintendent or designee will prepare for the Board's study and consideration appropriate documentation supporting his/her recommendations, which will be designed to meet the needs of students within the limits of anticipated revenues consistent with reasonable management practices. Program planning and budget development will provide for staff participation and the sharing of information with community members prior to action by the Board.

Fiscal Year

The district fiscal year will begin September 1 each year and will continue through August 31 of the succeeding calendar year.

Budget Preparation, Notice, and Submission to ESD and OSPI

On or before the tenth day of July in each year, the district shall prepare the budget for the ensuing fiscal year. The annual budget development process shall include the development or update of a four-year budget plan that includes a four-year enrollment projection. The four-year budget plan must include an estimate of funding necessary to maintain the continuing costs of program and service levels and any existing supplemental contract obligations.

The completed budget must include a summary of the four-year budget plan and set forth the complete financial plan of the district for the ensuing fiscal year.

Upon completion of the budget, the district will electronically publish a notice stating that the district has completed the budget, posted it electronically, placed it on file in the district administration office, and that a copy of the budget and a summary of the four-year budget plan will be furnished to any person who calls upon the district for it.

By July 10, the district will submit a copy of the budget and four-year budget plan to its educational service district (ESD) and to the Office of the Superintendent of Public Instruction (OSPI) for review and comment, unless the Superintendent of Public Instruction has delayed the date because the state operating budget was not adopted by June 1.

Budget Notice, Hearing, Adoption, and Filing

The Board of Directors will meet to fix and adopt the budget for the ensuing fiscal year. The district will provide notice of the meeting. The notice will designate the date, time, and place of the meeting. The notice will also state that any person may appear at the meeting and be heard for or against any part of the budget, the four-year budget plan, or any proposed changes to

uses of enrichment funding. The district will publish the notice electronically and will publish it at least once each week for two consecutive weeks in a newspaper of general circulation in the district (or if there is none in the district, in a newspaper of general circulation in the county or counties in which the district is a part). The last notice will be published no later than seven days before the meeting.

On the day given in the notice, the Board of Directors will meet at the time and place designated. At the meeting, the Board of Directors will fix and determine the appropriation from each fund contained in the budget separately; will by resolution adopt the budget, the four-year budget plan summary, and the four-year enrollment projection; and will record its action in the official minutes. Copies of the budget as adopted will be filed with the education service district for review. Copies of the budget will be filed with the Superintendent of Public Instruction.

The dates for adoption and filing are as follows for 1st Class Districts:

Budget adopted by August 31
Budget filed with ESD by September 3
Budget filed with OSPI by September 10

Budget Implementation

The Board places responsibility with the superintendent or designee for administering the operating budget once adopted. All actions of the superintendent or designee in executing the programs and/or activities as set forth in the adopted operating budget are authorized subject to the following provisions:

- A. Expenditure of funds for the employment and assignment of staff meet the legal requirements of the State of Washington and adopted Board policies;
- B. Funds held in reserve accounts (General fund #810-890) for self-insurance and other such contingencies may not be expended unless approved for purposes designated by the Board;
- C. A complete listing of expenditures for supplies, materials, and services is presented for Board approval and/or ratification;
- D. Purchases are made according to the legal requirements of the State of Washington and adopted Board policy;
- E. Funds may be transferred from one budget classification to another subject to such restrictions as may be imposed by the Board;
- F. The superintendent or designee will be responsible for establishing procedures to authorize and control the payroll operations of the district; and
- G. Financial reports are submitted to the Board each month.

MEMORANDUM

TO: Board of Directors
FROM: Tammy Bigelow, Director of Business Services
DATE: May 25, 2021
SUBJECT: Policy 6530: Insurance

BACKGROUND INFORMATION

Board Policy 6530: Insurance is presented with changes that align with the School Employee Benefits Board (SEBB) program. SEBB administers health insurance and other benefits for employees of Washington's school districts.

RECOMMENDATION

I move that the Board of Directors adopt revised Board Policy 6530: Insurance as presented.

ACTION REQUIRED

INSURANCE

All insurance programs of the district shall be managed as part of the district's risk management program.

Liability Insurance

The district shall maintain sufficient liability insurance to protect it against claims for the negligent or wrongful acts of its staff or agents. The amount and terms of such insurance protection shall be reviewed annually as part of the district's risk management program.

The Board shall hold individual Board members, administrators, staff, or agents of the district harmless and defend them from any financial loss, including reasonable attorneys' fees, arising out of any act or failure to act, provided that at the time of the act or omission complained of the individual so indemnified was acting within the scope of his/her responsibilities or employment and in compliance with the policies and procedures of the district.

The district shall provide its staff with insurance protection while they are engaged in the maintenance of order and discipline and in the protection of students, other staff, and property. Such insurance protection must include liability insurance covering injury to persons and property and insurance protecting staff from loss or damage of their personal property incurred while so engaged, within the limits described in Policy 6540: School District's Responsibility for Privately-Owned Property.

A member of the Board of Directors or the superintendent is immune from civil liability for damages for any discretionary decision or failure to make a discretionary decision within his or her official capacity, but liability shall remain on the district for the tortious conduct of the Board members and superintendent. The superintendent shall obtain errors and omissions insurance in the amounts deemed necessary by the Board.

Property Damage Insurance

The district shall maintain a comprehensive insurance program which shall provide adequate coverage, as determined by the Board, in the event of loss or damage to school buildings and/or equipment, including motor vehicles.

Staff Insurance

The district shall develop and maintain an effective program of insurance for its staff. Such programs may include, but are not limited to, unemployment compensation, industrial accident and/or injury insurance, liability, and medical insurance.

The district may make available liability, life, health, health care, accident, disability, or salary protection insurance based on the School Employees Benefits Board.

Unemployment Insurance

The district shall participate in the program lawfully available for fulfilling its unemployment insurance obligation that is most financially and administratively efficient. Staff eligible under the terms of the unemployment compensation pool agreement with the educational service district shall be provided with the unemployment benefits to which they are entitled. The district shall

maintain the records required by the state employment security department and retain them for not less than four years.

Workers' Compensation

Franklin Pierce Schools is self-insured through the Puget Sound Workers' Compensation Trust for the purpose of providing industrial insurance benefits to employees who sustain job-related injuries or occupational diseases. This trust has been approved by the Washington State Department of Labor and Industries to administer industrial insurance benefits. Employees of a self-insured business have the same rights and responsibilities as other workers insured through the State of Washington. Employees are protected in two ways:

- A. Medical costs resulting from job-related injuries or diseases are paid under the claim; and
- B. Injured employees are paid a partial wage replacement while off work due to a job-related injury or disease under the claim when certified off work by their doctor.

When an employee is injured on the job and is unable to perform his or her duties as a result of an on-the-job injury or occupational disease and is certified off work by a doctor, the employee may elect to use leave as follows (provided the employer does not elect to keep the employee on full salary through means other than use of accrued leave):

- A. Choose unpaid leave, thus receiving only his or her entitled temporary total disability (TTD) benefits; or
- B. Elect to use a full day of accumulated leave (sick, annual, or other similar benefit) in addition to their entitled TTD benefits; or
- C. Elect to use a proportionate share of accumulated leave to make up the difference between the workers' compensation payments and the employee's regular pay at the time of injury.

The superintendent or designee will develop procedures to assure the legal administration of workers' compensation benefits.

Medical Insurance

Medical plans are offered in the district on a payroll deduction plan. Staff may select from among those plans which are made available through the Health Care Authority School Employees Benefits Board program. The district shall make a contribution toward approved insurance premiums for each eligible staff member each month in an amount which is determined by the Health Care Authority (HCA).

In compliance with COBRA (Consolidated Omnibus Budget Reconciliation Act), the HCA will offer continuing health care coverage on a self-pay basis to staff members and their dependents following termination (for reasons other than gross misconduct), a reduction in hours, retirement, death, or loss of coverage eligibility to the dependent. These health benefits will be identical to the coverages offered to eligible staff members. For terminated or reduced-hour staff members, the coverage may last up to 18 months or until they become entitled to Medicare benefits whichever is earlier. In the event of the staff member's termination of a state-registered domestic partnership, divorce, death, or loss of dependent eligibility, the coverage may last up to 36 months for the staff member and/or qualified beneficiary. When an employee is on approved

leave or when employment ends due to a layoff, continuation coverage generally can last for a maximum of 29 months.

MEMORANDUM

TO: Board of Directors
FROM: Dr. Lance Goodpaster, Superintendent
DATE: May 25, 2021
SUBJECT: Resolution 21-R-09: Academic and Student Well-Being Recovery Plan

BACKGROUND INFORMATION

The American Rescue Plan (ARP) includes providing Elementary and Secondary School Emergency Relief (ESSER) funds to eligible school districts to address academic recovery and learning loss. The same federal law authorizes the Office of the Superintendent of Public Instruction (OSPI) to distribute such ESSER funds to Washington school districts via the Title I funding formula.

In addition to federal requirements for eligibility, House Bill (HB) 1368 – COVID – Federal Funding (2021) Section 12 requires school districts to submit an Academic and Student Well-Being Recovery Plan to OSPI, using OSPI's template, by June 1, 2021. A copy of our plan is attached for FPS School Board review and adoption. The school district must post a copy of the adopted plan on its website, making it accessible for those with disabilities and those in the community whose language is one other than English.

The resolution clarifies that the school district has complied with the federal and state requirements, including that the School Board considered and adopted the plan at an open public meeting with the requisite public notice and with the opportunity for public comment.

RECOMMENDATION

I move that the Board of Directors adopt Resolution 21-R-09: Academic and Student Well-Being Recovery Plan.

Part IV: Diagnostic Assessments

Diagnostic assessment is a particular type of formative assessment intended to help educators identify students' specific knowledge, skills, and understanding in order to build on each student's strengths and specific needs. Because of their domain specificity and design, diagnostic assessments can guide curriculum planning in more specific ways than most summative assessments.

Part VII: Monitoring Student Progress

- 13.** Describe how your LEA will consistently apply the selected equity analysis and diagnostic assessments to evaluate and monitor student progress and effectiveness of the strategies/interventions implemented to address gaps in student learning and well-being.

For example:

"Our district uses an equity analysis process every three months to monitor progress, adjust strategies and identify student learning gaps."

As a part of our Multi-Tiered System of Supports, students participate in an academic screener three times each year: Fall, Winter, Spring. (Secondary students might be screened less frequently.) The screener identifies students for whom we need additional diagnostic assessments and analysis. Each school then implements the interventions, gathers progress-monitoring data, and meets regularly (4-6 week intervals) to assess progress, evaluate effectiveness, and modify plans for students. As a system we analyze the screening data for patterns of disproportionality and program effectiveness. Additionally, the equity tool identified above will be used periodically to analyze the impact of our efforts in support of student progress.

Part VIII: Supports for Strategies/Interventions

- 14.** Of the strategies/interventions your LEA has implemented or is planning to implement, identify **up to three** in which your LEA has the knowledge, skills, and capacity to mentor another LEA.

- 15.** Of the strategies/interventions your LEA has implemented or is planning to implement, please identify **up to three** strategies for which your LEA needs more support.

RESOLUTION 21-R-09 **ACADEMIC AND STUDENT WELL-BEING PLAN**

WHEREAS, Chapter 28A.320 RCW authorizes local school boards to govern their respective districts, including the promotion of effective, efficient, and safe district operations, and RCW 28A.330.100 authorizes local school boards with additional powers, and RCW 28A.150.230 assigns local school boards the responsibility for ensuring quality in the content and extent of its educational program;

WHEREAS, on February 29, 2020, Washington Governor Jay Inslee declared a state of emergency in all counties of our state under Chapters 38.08, 38.52, and 43.06 RCW, and directed the implementation of the plans and procedures of the state's Comprehensive Emergency Management Plan in response to the novel coronavirus (COVID-19) and on March 13, 2020, Governor Inslee ordered the closure of all public and private K-12 schools in Washington State until April 24, 2020, to contain the spread of COVID-19, and on April 6, 2020, directed that school buildings remain closed from providing traditional, in-person instruction throughout the remainder of the 2019-2020 school year;

WHEREAS, the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2 provides funding for eligible school districts to use to address academic recovery and learning loss and authorizes the Office of the Superintendent of Public Instruction to distribute such ESSER funds to Washington school districts via the Title I funding formula. The federal law further specifies that in order for school districts to access these ESSER funds, they must submit a plan that includes seeking public comment prior to the adoption and public posting of that plan. The Office of the Superintendent of Public Instruction has determined that school board approval of this plan meets the federal requirement for seeking public comment, as it involves public posting and provides the opportunity for public comment. The Office of the Superintendent of Public Instruction has further determined that a school district must post its adopted plan on its website, making it accessible for those with disabilities and those in the community whose language is one other than English;

WHEREAS, House Bill 1368 – COVID – Federal Funding (2021) Sec. 12 created a new section of Chapter 43.70 RCW, setting forth certain requirements for the appropriation of federal funds, including that school districts submit an Academic and Student Well-Being Recovery Plan to the Office of the Superintendent of Public Instruction by June 1, 2021 to address student needs resulting from school building closures and extended time in remote learning due to the COVID-19 pandemic. This state law includes specific requirements for school districts' Academic and Student Well-Being Plans and requires school districts to use the template developed by the Office of the Superintendent of Public Instruction that addresses all required components. This state law also authorizes the Office of the Superintendent of Public Instruction to identify and include additional requirements for the plan in the template it developed;

NOW, THEREFORE BE IT RESOLVED, that after an open public meeting, which included public notice and the opportunity for public comment, the Franklin Pierce School Board (the Board) has reviewed and hereby adopts its Academic and Student Well-Being Plan, which was created using and in conformity with the template developed by the Office of Superintendent of Public Instruction, including the use of an equity analysis tool;

BE IT FURTHER RESOLVED that the Board directs that its adopted plan be posted on the District's website, making it accessible for those with disabilities and those in the community whose language is one other than English.

BE IT FURTHER RESOLVED that execution of this Resolution is conclusive evidence of the Board's approval of this action and of the authority granted herein. The Board warrants that it has, and at the time of this action had, full power and lawful authority to adopt this instrument. The adoption of this Academic and Student Well-Being Plan by resolution pertains exclusively to the 2020-2021 and 2021-2022 school years and sunsets no later than that time. The Board reserves the right to update and revise this plan as part of engaging in and planning for continuous improvement cycles.

Adopted by majority of the Board of Directors of the Franklin Pierce School District No. 402 at the regular meeting held on Tuesday, May 25, 2021.

MEMORANDUM

TO: Board of Directors
FROM: Dr. Lance Goodpaster, Superintendent
DATE: May 25, 2021
SUBJECT: Resolution 21-R-10: Bates Technical College Interlocal Cooperative Agreement for Educational Services

BACKGROUND INFORMATION

Resolution 21-R-10 is an interlocal agreement with Bates Technical College for educational services during the period of September 1, 2021 through August 31, 2022. Bates Technical College offers an option for students to participate in educational programs, including vocational education, that may not otherwise be available to our students.

RECOMMENDATION

I move that the Board of Directors adopt Resolution 21-R-10: Bates Technical College Interlocal Agreement for Educational Services.

ACTION REQUIRED

Bates Technical College
Inter-local Cooperative Agreement for Educational Services
2021-2022
With Franklin Pierce School District #402

This agreement is entered into by and between Bates Technical College, Pierce County, Washington, which is hereinafter referred to as the "College" and Franklin Pierce School District #402 hereinafter referred to as the "District."

WHEREAS, each school district in the state of Washington is authorized by state statute to participate in interlocal agreements to secure educational opportunities, including vocational education programs, not otherwise provided; and

WHEREAS, the District has determined that certain students may advantageously be enrolled in the College's educational program;

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, the parties agree that:

1. An eligible student is at least sixteen and, as of the beginning of the school year, is not yet twenty one years of age is enrolled in the district, and has not yet earned the credits required for, or received, a high school diploma, or fulfilled the requirements of their individual education program. Eligibility shall be established by the District. Qualifications for admission into the College program shall be determined by the College.
2. The District may approve the eligible student to enroll at the College and no costs will be paid to the College by the District unless otherwise agreed upon by both parties; the duration of the approval will be for one College school year only. The College shall not charge tuition or student services and activities fees to eligible students. Students will be responsible for payment of applicable lab, supply, and consumable textbook fees.
3. Upon reentering the District, the student's transcript will be reviewed for determination of high school credits earned.
4. Transportation to and from the College is the responsibility of the student or the parent/guardian of the student.
5. This agreement does not affect the enrollment at the College of District secondary students under the Running Start program or of district students who are receiving special educational services.
6. If a dispute arises under this Agreement, the parties agree that the venue to resolve the dispute is Pierce County.
7. The duration of the Agreement is September 1, 2021-August 31, 2022.
8. The College agrees to comply with all reporting requirements of WAC 392-121-187 and RCW 39.34.040. Basic education monies shall be allocated and paid as provided in WAC 392-121-187 or WAC 392-700-165, as appropriate.
9. The parties appoint the College as the administrator, who shall be responsible for administering this Agreement. No power or authority of acquiring, holding and disposing of real and personal property has been given or relinquished by the parties entering into this Agreement.
10. This Agreement constitutes the entire agreement of the parties and no other promise or agreement has been made that is not contained in this Agreement. Each party acknowledges that they have fully read this Agreement.

MEMORANDUM

TO: Board of Directors
FROM: James Hester, Deputy Superintendent of PK-12
DATE: May 25, 2021
SUBJECT: Policy 3244: Prohibition of Corporal Punishment

BACKGROUND INFORMATION

New Board Policy 3244: Prohibition of Corporal Punishment establishes that use of corporal punishment is prohibited. Corporal punishment is defined as any act that willfully inflicts or willfully causes the infliction of physical pain on a student. This concise policy also states what is not considered corporal punishment.

PROHIBITION OF CORPORAL PUNISHMENT

The use of corporal punishment in common schools is prohibited. Corporal punishment is defined as any act that willfully inflicts or willfully causes the infliction of physical pain on a student.

Corporal punishment does not include:

1. The use of reasonable physical force by an administrator, teacher, other school employee, or volunteer as necessary to maintain order to prevent a student from harming him/herself, other students, school staff, other persons, or property;
2. Physical pain or discomfort resulting from or caused by training for or participating in athletic competition or recreational activity voluntarily engaged in by a student;
3. Physical exertion shared by all students in a teacher-directed class activity, which may include, but is not limited to, physical education exercises, field trips or vocational education projects.
