TIPS ON HOW TO SAVE FOR RETIREMENT

- Start **NOW**. Don't wait. Time is critical.
- Start small, if necessary. Even small contributions can make a big difference given enough time and the right kind of investments.
- Use automatic deductions from your payroll or your checking account for deposit into mutual funds, your IRA or other investment vehicles.
- Save regularly. Make saving for retirement a habit.
- Be realistic about investment returns. Never assume that a year or two of high market returns (or market declines) will continue indefinitely.
- Roll over retirement account money if you change jobs.
- Don't dip into retirement savings.
